TEACHERS!
Escape to the best place for SUMMER Vacation
Take a Tour of reality

DISCOVER MANUFACTURING

THE PROGRAM
By attending this workshop you will learn first-hand and have a greater understanding of how many everyday products are designed and manufactured as well as how to communicate that to your students.

Hands-on experience will include:
- CAD (Computer Assisted Design)
- Machining
- Plastic molding
- Automation
- Quality control

In addition, field trips to local industry will be conducted.

Who Should Attend?
High School and Middle School Educators from any subject area.
