

## Missouri S&T NRHH Shamrock Chapter

Dear Alumni,

NRHH has been a lot for me since I came to this fine university. It has upheld the tenets of Promote, Develop, and Recognize to the extent that I was enthralled by residential life, and wanted to do for others what NRHH has done for me. Leadership Trip excited me, OTMs made me feel like what I'm doing is truly noticed, and all I ever knew about them before becoming a member myself was that NRHH was behind all the great things I had been seeing.

It is at this point that I must address a growing concern amongst Missouri S&T's Shamrock Chapter of NRHH, that of funds. In order to provide the best experience we could muster for our budding leaders, we have spent more money than we could manage to, and when places that normally help us out financially backed off, we found ourselves where we are now, excited about the future, but frightened that we won't be able to provide all the great services that we as NRHH are accustomed to providing.

We are in the process of fundraising to the best of our abilities. As committees, we have a few opportunities each that we are exploring, but more and more, it seems like that may not cut it entirely. We would greatly appreciate any contributions to our chapter. Please, if you still support the very tenets of our organization, show your pride, and help us help them.

Thank you,

Brandon Mikel
