

Missouri S&T NRHH Shamrock Chapter

Dear NRHH Alumni,

NRHH means a lot of things to a lot of people. Since I came to the Rolla campus I saw them uphold the tenants of Promote, Develop and Recognize in everything they have done. From OTMs every month, to the two leadership trips that I have attended. Even though I have been a member for only a short amount of time I would like to tell you what NRHH means to me.

When I came to Rolla I had no idea what my place in the world was. I had tried a lot of different things in high school but had never really found something I enjoyed or made me really happy. After deciding to become governor for Kelly C at the quad I was told that I was going to Leadership Trip, and that's when my college career was promptly rerouted. Here was a group of leaders really excited by the mere idea that I was capable of being a leader and that I could change things for the better. NRHH has been an amazing organization for this campus and for me personally. I don't think I would be where I am today if it wasn't for the encouragement of other NRHH members both before and after I became a member. That's actually one of my favorite things about NRHH, the capacity of the members to be mentors and encouragement for the next generation of leaders. That's why I joined NRHH, because I wanted to do for others what so many people in the past had done for me.

Now that I'm a member I have an even greater appreciation for all that NRHH does. All the behind the scenes work that goes on has absolutely blown my mind. Whether it's the work that goes in before and after Leadership Trip and Lock-in, or OTM meetings that make sure we are recognizing tomorrow's leaders. It gives me a real appreciation for everything that has been done in the past to lay the groundwork for the organization that won National Chapter of the Year last year.

So to all our past members I want to thank you. Thank you for everything you have done for me personally, thank you for everything you have done to build this great organization over the years and thank you for continuing to believe in this great organization.

Thank you,

Rexann Whorton
NRHH Develop Chair
