

## Missouri S&T NRHH Shamrock Chapter

Dear Alumn,

NRHH has always been a mystery to me; this benevolent presence marked by three proud tenants and stand-out yellow shirts. To be honest my first memories of NRHH were not of my leadership trip sophomore year or of OTM centric wagers in RHA, but instead a simple door dec on my RA's door. I recognized all the other community names attached to the rest of the door decs, but that one puzzled me. As the year progressed, faces began to emerge with the name NRHH and the ins-and-outs of what you have provided began to fall into place.

I was inducted into the Shamrock chapter last semester, so now the whole mystery is starting to come full circle. Suddenly the major influences in my journey in residential life all had a common origin leading back yellow shirts. NRHH is much more than an organization of hall leaders; it is an organization that holds the campus to a higher standard. Looking back, you were the ones who taught us to truly think about what are decisions really meant in RHA. I may have been raised with the words "Service, Education, and Leadership", but I would not have made it this far if it were not for "Promote, Develop, and Recognize." I owe you a great deal of thanks for all that you have done for me; the opportunities you afforded me as a student are hard to even comprehend.

Now as a member of NRHH there is a great deal of prestige that goes with being a part of the Shamrock Chapter; a prestige that only a strong legacy can bring. As a new member I am still in disbelief about getting this far and ask myself constantly "how am I going to help these new leaders make it through?" Though with the members that the Shamrock Chapter has had there is no shortage of examples. I have been to a fair amount of conferences and have always walked away with this feeling that our school has it figured out and the leadership we foster here is the cream of the crop, but this is only true because of the influence that NRHH has had here on campus. My induction came with a great deal of pride, honor, and awe. Thank you for everything.

Sincerely,

Robert W. Sager
