

Missouri S&T NRHH Shamrock Chapter

Dear NRHH Alumni,

I was inducted into NRHH two years ago as a first year RA. I had been at Rolla for almost six semesters and was looking for a way to continue growing as a leader beyond being an SRA. To me, NRHH represented a group of students that were dedicated to the development of future Residence Hall leaders. They were the leaders that passed along their knowledge and experience to those that were up and coming so that the lessons they learned through their academic careers would be able to benefit those that came after them. They wanted the Residence Halls to be the best place to live.

I had been developed by many people in NRHH and wanted to give back to the organization that had given me so much. I don't think I would have been here if it wasn't for me going to my first Leadership Trip my sophomore year. When I applied to NRHH, I felt like I was in the middle; not yet a seasoned leader that so many NRHH members were, but not an up and coming leader. I felt I was somewhat established but had a strong desire to show others the passion I acquired.

You have all left a legacy in this organization that has impacted how we function today. The group has changed over the years, but we still have the same pride in what we do. As I leave Rolla this semester, I hope the legacy I leave has the same profound impact that your legacy left on me. The experiences you left behind have guided us as we face various challenges, and I will be leaving similar experiences with the current members.

Even after I leave, I want to be able to support this amazing group of leaders in whatever ways I can. I hope that you would be willing to do the same. This organization has found itself in the precarious position of financial trouble. We have been developing fundraising activities to help rebuild our finances so that we can continue to promote, develop and recognize the amazing leaders in our residence halls. We can't do this just by fundraising alone. We need your help in getting our financial situation to become stable again. I, Tom Cunningham, would like to ask you to help us in our endeavor to develop not only ourselves, but the hall leaders that will eventually take our place in this organization. With your donation, we will be able to make sure that this organization continues to serve its purpose of promoting, recognizing and developing not only those in the organization, but those that would take on the task of leading their communities in an effort to make the residence halls a better place to live.

Sincerely,

Tom Cunningham
