Online homework companion

To register YOU NEED A STUDENT ACCESS CODE!
If you purchased a new textbook at the Missouri S&T Bookstore, the Student Access Code comes in the Student Access Kit packaged with the book. If you don’t have an Access Code, e.g., if you have purchased a used book or a book from the off-campus bookstore without a Mastering Chemistry access code, you may purchase it online at www.masteringchemistry.com.

Step 1: Student Registration: (read before proceeding)
Go to www.masteringchemistry.com. Click New Students (under Register), and then follow the on-screen instructions. You will need to provide the following information while registering:

- **STUDENT ACCESS CODE** – the access code is all letters, NO NUMBERS
- **SCHOOL ZIP or POSTAL CODE** – 65409
- **SCHOOL COUNTRY** – United States
- **NAME** – enter your full first and last name (the name you enter must correspond to the information on file with the Missouri S&T registrar’s office, i.e., your MST registration name), NO NICKNAMES
- **YOUR MISSOURI S&T EMAIL ADDRESS**
- **YOUR SCHOOL** – at MasteringChemistry identified as MO UNIV OF SCIENCE & TECH

THIS INFORMATION IS USED TO IDENTIFY YOU. IF YOU DO NOT ENTER YOUR NAME AND MISSOURI S&T EMAIL ADDRESS CORRECTLY YOU WILL NOT RECEIVE CREDIT FOR YOUR WORK. Upon completion, the Confirmation & Summary page confirms your registration information. This information will also be emailed to you for your records.

Step 2: Enrollment in the Course

- Go to www.masteringchemistry.com. Enter the login name and password you created, then click Log In.
- Enter the Course ID: MSTCHEM1FALL2009

TO ACCESS YOUR HOMEWORK ASSIGNMENTS FROM NOW ON: simply go to www.masteringchemistry.com and enter your login name and password.

System Requirements & Support

To effectively use the resources on this website, check its system requirements. On www.masteringchemistry.com, go to Support on the menu bar and click System requirements. In particular, you may need to check that the latest version of the Adobe Flash player is installed in your browser. For Customer Technical Support, visit www.masteringchemistry.com/support.

Grading Policy

- The number of answer attempts is **unlimited**. The correct answer will not be revealed if you give up on a problem.
- Students will **gain credit** for correctly solving a problem assigned for credit. Partial credit will be given for correctly solving a part of a for-credit problem (Part A, Part B, etc.)
- Students will **lose credit** for incorrectly answering …
  - a true/false question: Deduction for an incorrect answer is 100%
  - a multiple-choice question: Deduction for each incorrect answer is \( \frac{100\%}{\text{(# of options)}} - 1 \)
  - any other type of question: Deduction for each incorrect answer is 10%
- Late submissions receive **no credit**.
