

Academic Alert System: The purpose of the AAS is to improve the overall academic success of students by improving communication among students, instructors, and advisors, reducing the time required for students to be informed of their academic status, and informing students of actions necessary by them in order to meet the academic requirements in their courses. You should check your S&T e-mail account frequently for academic alerts and other course-related and administrative matters. See <http://academicalert.mst.edu>.

Academic Dishonesty: Academic honesty is vital to the intellectual life of the university. Students have a special obligation to be aware of and adhere to the standards of conduct as described on page 27 of the 2012–2014 Missouri S&T Student Academic Regulations handbook:

<http://registrar.mst.edu/academicregs>.

In particular, the handbook offers descriptions of what constitutes cheating, plagiarism, and sabotage.

Disability Support Services: If you have a documented disability and anticipate needing accommodations in this course, you are strongly encouraged to meet with me early in the semester. You will need to request that the Disability Services staff send a letter to me verifying your disability and specifying the accommodation you will need before I can arrange your accommodation.

Emergency Egress Route: In case of an emergency, the egress route for evacuation of our classroom is depicted below.
