

GEORGE DESLOGE - WATLOW ENGINEERING SCHOLARSHIP

Watlow is proud to provide up to

FOUR \$2500 SCHOLARSHIPS

Watlow is a product leadership company serving multiple diverse markets and industries through the design and manufacture of industrial heaters, sensors and controls.

Watlow products are used in applications that have a positive impact on our world in various ways including:

- *Reducing emissions from diesel engines*
- *Clean energy harvesting and conservation*
- *Enabling the manufacture of smaller, higher performance electronic devices used in computers and cell phones*

In memory of George Desloge, past president and chairman of Watlow, up to four scholarships will be awarded to students who plan on pursuing careers in manufacturing and who meet the following criteria:

- Are full time students (U.S. citizens) attending University Missouri Science and Technology
- Have completed their sophomore year
- Are pursuing an undergraduate engineering degree, such as electric, mechanical, or ceramic engineering.

In order to apply for one of these scholarships go to <http://mae.mst.edu/media/academic/mae/documents/WatlowScholarship.doc>.

All applications must be submitted on or before March 1, 2013.

Scholarship awardees are selected on the basis of financial need and future career interest in manufacturing. Major consideration also given to qualified women and underrepresented minorities.
