

Syllabus College Physics I (Physics 1145) Fall 2023 (last updated 4/27/2023)

Time and place: MWF 8-8:50 104 Physics

Instructor: Dr. Agnes Vojta, 216 Physics, vojtaa@mst.edu

COVID-19 Safety: **Do not come to campus if you feel sick or tested positive for COVID-19.** Follow the university's procedures outlined at <https://coronavirus.mst.edu/>.

Required materials: "College Physics" by Knight, Jones, and Field, 1st or 2nd edition, Chapters 1-16; Lab manual (\$25, purchasing link on Canvas). Computer with internet access, scanner or scanning app

Course Website: <http://web.mst.edu/~vojtaa/phys1145>

Goals: The main goals of this course are to develop an understanding of the basic principles of mechanics (statics and dynamics) and to acquire the proper techniques for the solution of physical problems. For topics covered see schedule of assignments.

Prerequisites: Math 1160 (Trigonometry) and Math 1140 or 1120 (College Algebra)

Course format: Alternating lectures and recitation-and-discussion sessions. The lectures will review and clarify important concepts of the reading material and present examples for physical principles and problem-solving methods. **You are expected to have read the reading assignment prior to the lecture.** The recitations will be used to discuss conceptual questions and practice problem solving. You are encouraged to ask questions at any time during lectures.

Office hours/Learning assistance: Thursday, 3-4:30pm, 6-7:30pm, 202 Physics

Sources of course points:

Tests: Three tests will be given during class time on the following days: Wed, September 20; Wed, October 18; Friday, November 17. Each test counts 120 points.

Final exam (Wednesday, December 13, 3:00-4:30pm): 120 points

End Material Quiz will be given during the last class period, December 8. 40 points

Quizzes/In-class worksheets. 10 pts each.

Homework is due Friday 8am via Canvas. 10 points each set.

The three test-preparation homeworks as well as the assignment in the last week of class will **not** be graded; they serve solely as preparation for the tests and the end material quiz.

Lab: 6 lab exercises, lowest score will be dropped. 20 pts each.

Points available:

In order to make up for missed assignments or having a bad day:

- the lowest score of the four tests (three test + final) will be dropped.
- you can earn at least 220 points for quizzes/homework/worksheets, but grade cuts are based on 200 points.
- the lowest lab score of six will be dropped.

If you are sick on an exam day, do not come to class. Contact me to arrange a makeup.

If you must participate in a conflicting major university or intercollegiate event during a test, you need to contact me a week prior to the exam to arrange a makeup. I will need a letter or email from the event's Missouri S&T Faculty Sponsor.

3 tests + final, each 120 points, highest 3	360
End Material Quiz	40
Quizzes, homework, in-class problems, each 10 pts, at least 20 assignments	200
Lab	<u>100</u>
	<u>700</u> total

Grading Scale:

A for 90% of 700	\geq	630	D for 59.50% of 700	\geq	420
B for 80% of 700	\geq	560	F for less than 59.50%	$<$	420
C for 70% of 700	\geq	490			

Regrades and grade sheet corrections

Requests for regrades must be made in writing no later than the class following the class in which the assignment or test was returned. If a score has been entered incorrectly, you must bring me the assignment in question. Requests for corrections must be made before the beginning of the last class in the semester. No changes will be made after the end material quiz has been given.

Attendance: Do not come to class if you feel sick or tested positive for COVID-19. In case of illness, you may request to participate in class via Zoom, if you contact me ahead of time.

If you have a disability and anticipate needing accommodations in this course, you are strongly encouraged to meet with me early in the semester. You will need Student Accessibility and Testing (<http://saat.mst.edu>, 203 Norwood Hall, 341-6655, dss@mst.edu) verifying your disability and specifying the accommodation you will need before I can arrange your accommodation.

Academic Dishonesty will not be tolerated. See <http://registrar.mst.edu/academicregs>.

Title IX policies, resources and reporting options are available at <http://titleix.mst.edu>.

Emergency exit: classroom egress maps are posted at <http://designconstruction.mst.edu/floorplan/>. Please take a moment to identify the emergency exit.

Unresolved complaints: It is hoped that any problems can be resolved through discussions between student and instructor. If there are any complaints that cannot be resolved you may contact Dr. Klaus Woelk, Associate Dean for Academic Affairs (woelk@mst.edu).

Unresolved complaints about laboratory instructors: Please contact the professor in charge of the lab portion of the course, Mr. Joel Peacher (peach@mst.edu).
