Instructor: **Hu, Wenqing**  
Title: **Partial Differ Equations**  
Section(s): **MATH 5325 101**  
Term: **SP2021**

Number Responding: **11**  
Number Enrolled: **38**  
Percent Responding: **28.95%**  
Effectiveness: **3.64**

---

**Student Comments**

**What are the strengths and weaknesses of the instructor?**

- Loved the preparedness and willingness to help students.
- Very timely and willing to help students understand the material
- Strength: the good grip of course knowledge along with communication.
- Strength-In depth and well communicated course material. Weakness-Poorly timed office hours. Asynchronous course made it hard to evaluate beyond this.

**What suggestions do you have for improving the quality of instruction?**

- N/A
- None
- N/A
- Please move office hours to not be first thing in the morning.

**What are the strengths and weaknesses of the course?**

- Loved the independence and flexibility to work as I had time.
- Assignments are reasonable and we are prepared for them
- Strength-PDE's are a vital part of engineering and physics field and subject material is useful. Weakness-Asynchronous prevents absorption of material.

**What suggestions do you have for course improvement?**

- N/A
- Note if there is any format preferences for assignments
- Don't be asynchronous, prevents digestion of material. Beyond that hard to say.
